## EXPERIENCE

### Backend Developer

#### Techfnatic

📅 Dec 2022 - Present    📍 Bengaluru, Karnataka

My journey as a **Backend Developer** at Techfnatic Startup has been an exciting and transformative experience. I've had the privilege of contributing to the development of a wide spectrum of projects from scratch.

- Developed **E-Commerce** and **Point of Sale(POS)** Multi-Tenant applications focused on small to medium-sized businesses.
- Developed a **Multi-Tenant CRM** application focused on small businesses.
- Developed a **customized CRM** application for Internal usage.
- Worked on the development and maintenance of internal Django websites.

### Backend Developer - Intern

#### Solar Industries India Ltd.

📅 Mar 2022 - Sep 2022    📍 Nagpur, Maharashtra

During this internship, I had the opportunity to contribute to the development and enhancement of a **custom ERP system** built using Django Rest Framework (DRF) and Angular. My role focused on fixing bugs, securing APIs, and adding new features to various modules within the ERP system.

- Addressed and resolved various software bugs, thereby elevating the system's stability and performance.
- Contributed to the continual improvement of the system's functionality and overall quality.
- Implemented robust security measures to safeguard APIs, ensuring the protection of sensitive data and interactions.

### Backend Engineer - Intern

#### Learn Basics

📅 Mar 2022 - May 2022    📍 Salem , Tamil Nadu

During this internship, I had the opportunity to work on **content management** projects that allowed me to apply my learned skills in web development and gain hands-on experience. I contributed to the development of two significant projects.

- Developed a comprehensive Flask-based content management application. I was responsible for designing and implementing dynamic interfaces using HTML/CSS/JavaScript, and building python/flask to manage content efficiently.
- Created a robust Django-based web application for course tracking. My role involved crafting user-friendly interfaces, implementing data models, and ensuring smooth interactions for users.

## EDUCATION

### Master of Computer Applications

#### BMS College of Engineering

📅 Jan 2021 - Sep 2022    📍 Bengaluru, Karnataka

### Bachelor of Science in Computer Science

#### HPPC Government First Grade College

📅 Jun 2017 - Sep 2020    📍 Challakere, Karnataka
